

About Healing Tree International

Healing Tree International (HTI) is a non-profit 501 (c) 3 organization with a broad international network of Christian ministries and marketplace leaders willing to use their giftings to bring healing, reconstruction and restoration to redeem and transform nations.

The HTI Headquarters is based at The Londonderry Inn in Campbelltown, Pennsylvania, which is a private hospitality inn with meeting and conference capabilities.

**P.O. Box 274
2764 Horseshoe Pike
Campbelltown, PA 17010**

(717) 838-7905

**The Londonderry Inn
Training & Conference Center**

Leaders from all around the world meet at The Londonderry Inn for educational exchange, training and equipping so that they can empower the people in their nations to make a positive difference in the world.

HTI focuses its work in the following four pillars:

JUSTICE & HEALING

Restoring Justice

Constitutional government based on divine law and sovereign government recognizes that human authority is given to protect, provide, nurture and bless individuals who are under their care. Justice and righteousness are essential to a healthy society and to establishing a peaceable kingdom culture where the people flourish and grow.

HTI offers support for legislative leaders in the US and cross-cultural dialogue with judicial leaders in other countries to strengthen legislative issues to aid in the redemptive healing of nations. Discussions have included topics such as women's rights, and the judicial, court and prison systems. HTI shares William Penn's vision and model that provides a Holy example for the nations to develop world peace.

MEDICAL & BEHAVIORAL HEALTH: BODY, MIND AND SPIRIT HEALING

**Dr. James Abildness
Mozambique Dental Clinic**

HTI networks doctors and leaders in the medical community with other nations to bring healing and reconciliation. People thrive when their soul prospers and their body is in health. HTI's desire is to build the emotional and physical health and character of people to ensure that they can achieve their destiny and fulfill personal purpose in their lives.

Our international medical and dental outreach strives to combine state-of-the-art clinical care and healing prayer to show God's love and peace among stressed and impoverished people. HTI medical teams of physicians, dentists, nurses and support staff offer services comprised of actual on-site clinical care, teaching and medical system development.

BUSINESS LEADERSHIP:

HTI networks with local leaders such as government officials, business leaders and pastoral leaders to determine infrastructure needs in a region. Partnerships between these groups and external investors are developed. This results in the establishment of viable businesses to improve communities.

Business leaders and entrepreneurs that network with HTI desire to teach innovations that create wealth and make valuable humanitarian contributions to societies.

HUMANITARIAN:

**Abby Abildness with Shireen
Amedee, Ambassador of Peace,
and Zakia Sileh, Kurdish
Parliament**

Humanitarian projects improve the quality of life for the average person within a specific community or country.

HTI Humanitarian Projects also include a Healing Village to model care for widows and orphans, minority groups and persecuted people. The Healing Village

incorporates housing, sanitation, medical and dental health, vocational center, school, worship center, orphan and widow care, and diverse agriculture and livestock programs.

INTERNATIONAL OFFICE

**Healing Tree International
Irbil Branch Headquarters
Kurdistan, Iraq**

Healing Tree International recently obtained an NGO (nongovernmental organization) status in Kurdistan to open a Healing, Training and Hospitality Headquarters in Irbil. The land and building are being approved, and educational exchange is being coordinated between our Irbil office and HTI Londonderry Inn headquarters in Pennsylvania.

We are in the beginning phase of building the Healing, Training and Hospitality Headquarters and Cultural Center along with a 200-house Healing Village to care for widows and orphans, and to model and train a community to live as a self-sustaining healing village with liberty and justice for all.
